"STORM WARNING"

Particularly in the Spring, Central Ohio can receive violent weather, and even tornados. Whether you're new to town or not, it's a great time to be aware of all the options for receiving alerts.

We strongly encourage you to take advantage of several of these.

The City of Marysville & Union County deliver alerts about weather, road closings, and emergency notices via text message or e-mail. Sign up at www.nixle.com

Union County sends out weather-specific advisories using both phone messages and e-mails. Sign up via the link at the bottom-right of www.co.union.oh.us

Time Warner Cable, channel 26, constantly streams the current weather radar and conditions, including advisories and alerts.

Weather radios can be set to turn on automatically and even to sound an alarm when there is a sever weather alert. Wal-Mart, Best Buy, and other stores sell them.
